An unimaginable wave of visibility brought Doha to the forefront of social media around the world, introducing the city to a wide international audience and boosting interest and travel bookings for the coming months.

MSHEIREB

The Arabic name given to
"a place to drink water"

The old Msheireb area was the heart of the city, connected directly to the waterfront. It allowed vehicular access bordering Souq Waqif, with the route of the old wadi running between them to the sea. It is from this old wadi of cooling fresh water that the name 'msheireb', Arabic for 'a place to drink water', was born.

After an incredible and fast transformation, Msheireb Downtown Doha plays today the same role as it had in the past, being Qatar's most vibrant commercial district.
